

VEGF

Product Information

Cat

CVEGF-11

Product Name

VEGF

Source

Recombinant

Description

Promote cell proliferation, differentiation, improve skin microcirculation. Promote hair growth through enhancing the supply of nutrients to hair follicles by generating new blood vessels.

CAS

127464-60-2

INCI Name

rh-polypeptide-9

Appearance

White Powder

Solubility

Soluble in water

Storage

Store at -20°C

Function

Anti-aging; Germinal peptide

Recommended Dosage

0.1-1ug/mL
