

Recombinant Collagen-like Protein

Product Information

Cat

COS-RHLC08

Product Name

Recombinant Collagen-like Protein

Description

Engineered Human Collagen Protein is expressed from Yeast system. It contains partial length of human collagen with a molecular weight < 80 KD.

Benefits

Helps the body stay young, healthy and beautiful

Purity

>90%

Number of colonies

<1000 cfu/g

Heat-resistant coliform

No

Stability & Storage

Store in cool and dry place. Keep them away from direct sunlight and sources of heat

Efficacy

Moisturizing
Anti-inflammatory
Antioxidant
Anti-aging

Application

Recombinant Collagen-like Protein

Cosmetics formula development
